

TECHNICAL COLLEGE

OUR MISSION:

To inspire the next generation of aviation engineers through supportive, effective and relevant apprenticeship training solutions.

OUR VISION:

To be a valued and trusted apprenticeship provider of choice to both individuals and employers.

OUR COLLEGE:

We are a highly skilled, experienced and motivated team of professionals, putting the individual learner at the heart of our delivery methodology and ethos.

A world class Aviation Accademy with a fully operational Boeing B737 aircraft.

Approved by National and European Airworthiness Authorities to deliver Aircraft Maintenance Engineers basic training.

TECHNICAL COLLEGE

OUR VALUES...

Safety

- We prioritise safety over output
- We take a personal responsibility for safety
- We act if we see any unsafe behaviours or hazards
- We acknowledge and encourage safe behaviour

Integrity

- We endeavour to keep promises and commitments
- We deal with issues and people openly, honestly and directly
- We are not afraid to make tough decisions
- We challenge each other respectfully

Innovation

- We encourage ideas and create time to make them happen
- We are openminded and inquisitive
- We seek to simplify, improve and evolve
- We challenge ourselves to think differently

Teamwork

- We respect the views of others and appreciate difference
- We involve others in decisions and discussions that affect them
- We help each other to be the best we can be through coaching and feedback
- We share information, ideas and best practice

Excellence

- We take personal accountability for our performance and results
- We find solutions and resolve problems
- We embrace feedback
- We learn from our successes and our mistakes

TECHNICAL COLLEGE

OUR STRATEGIC OBJECTIVES:

We will develop a culture that supports using the creative input of our staff, our learners and our employers to develop an effective curriculum for our key sector areas.

We will work collaboratively with our colleagues, our learners and employers to ensure that we fulfil their needs and expectations for achievement in personal, professional and organisational goals.

We will have a positive impact in our local and regional communities by advancing the opportunities for sustainable employment and professional growth.

Our priority is to design and deliver a curriculum that has the breadth and depth to develop the sustainable workforce of the future.
